

# The Timeless Collection

Memorial Brochure

Since 1948, we have been serving the local community. We are a family run monumental Masons & Memorial stonemasons dedicated in providing the highest standard of care and service to each family we serve.

Unfortunately, at some point in our lives, we are all faced with the task of having to choose a memorial for a departed loved one. We understand that every memorial is unique, so we aim to work closely with you to ensure we meet the needs and requirements of all the family. When you and your family look through this brochure you will find a vast selection of memorials. Most of our memorials can be made in a wide selection of granites and natural stones and come in a variety of colors.

Should you wish to design your own memorial, we have experienced craftsmen that will help you work to your own specification. However, some cemeteries and church yard authorities usually have specific regulations which may apply to the types of material or sizes that are permitted. If you are unsure of what sizes or materials you are able to use, please do not hesitate to contact us for more information.

After you decide on the design and inscription you would like, we create a design proof for you to check where alterations, if any, can be made.

Our showroom is open Monday to Friday 9am-5pm and weekends by appointment. We also offer a home visiting service when needed and all estimations are free.
